Secondary Education   *Dhrangadhra, Gujarat*
Percentage: 69.6%

SKILLS

Programming Languages: JavaScript, HTML5, CSS3

Frontend Frameworks: React.js, TailwindCSS

State Management: Redux, React Context API

Version Control Systems: Git, GitHub

Databases: MongoDB, PostgreSQL

SOFT SKILLS

Teamwork: Collaborative, works well in cross-functional teams.

Adaptability: Quick to learn new tools and technologies.

Attention to Detail: Focused on accuracy and clean code.

PROJECTS

To-Do List Application
React

– Built a simple web application for managing to-do tasks using React.
– Implemented CRUD (Create, Read, Update, Delete) functionality for tasks using React state.

MegaBlog Platform
React, Redux, Appwrite

– Built a full-stack blogging platform with features for creating, editing, and deleting posts.
– Implemented user authentication, secure post storage, and role-based access control using Appwrite.

Hotel Management System
React, MongoDB, Node.js

– Developed a web-based Hotel Management System to handle reservations, room management
– Integrated user authentication and admin dashboard for efficient data visualization and management.
